SEPTEMBER 1, 1948

PROGRAMS

Sept. 3rd. Mr. John E. Kleinhenz of the Indianapolis Water Co. will show the new film, "At Your Service-Willing Water". Come and see how potable water is delivered to your door. Bring along the YL or XYL for this new film just released.

Registration for the code school at Tech will be held at this meeting.

Sept. 7th & 8th. Registration at Arsenal Technical School for Code and theory school to be held on Monday and Wednesday evenings 7:30 to 9:30 PM. See announcement.

Sept. 10th. Business meeting of the Club.

Sept. 13th. Code and Theory classes start at Tech.

Sept. 17th. Mr. Wuster of RCA will address the club on "Modern Trends in Receiver Design". Attend this meeting and learn how your new super comes into being.

Sept. 24th. Charles Compton, W9ZCE of Electronic Labs will talk on "Vibrator Power Supply Design and Applications". This is just the thing for those planning to get into the emergency work.

Meetings held at Northeast Community Center at 3306 East 30th St. (30th and LaSalle Sts.) unless stated to the contrary. Meetings start at 8:00 PM sharp.

LAST MONTH

The past month of the club was spent on inspections trips to the Fairmount Glass Company, the City Police Radio System, and the Western Union Telegraph. These were very interesting and we thank the concerns for the opportunity to see their plants and operations. During the month eleven of the club were guests of D. J. Angus on the boat Angus on Lake Michigan, reports say that not a one showed green around the gills.

Also the past month we had the IRCC picnic at the Mounds State Park complete with picnic dinner, hat contest, children's contests, mobile rig contest, etc. This was a grand event and was well attended.

ed even though the weather was threatening. No rain fell though and everyone had a grand time with Ted Clifton as Master of Ceremonies. If you weren't one of the 280 registered you certainly missed a grand time.

CODE SCHOOL ANNOUNCEMENT.

At last the details of the code school to be conducted at Tech High School Night classes are announced.

Registration of classes will be conducted at the club meeting Friday September 3rd and on September 7th and 8th at Arsenal Technical School itself.

Classes will consist of one hour of code and one hour of theory starting at 7:30, ending at 9:30 PM each Monday and Wednesday evening at Arsenal Technical Schools on East Michigan Street.

Registration fee is \$4.00. Text book will be the ARRL hand book. Classes will last for at least 15 weeks.

Additional information may be had by attending the meetings of the Indianapolis Radio Club or at Tech High School on registration dates.

BEAMED

Are you an active member, - The kind that would be missed, - Or are you just contented - That your name is on the list? - Do you attend the meetings - And mingle with the flock, - Or do you stay at home - To criticize and knock? - Do you take an active part - To help the work along, - Or are you satisfied - To only just belong? - Do you ever go to visit - A member who is sick, - Or leave the work to just a few - And talk about the clique? - Think this over, member - You know right from wrong. - Are you an active member, - Or do you just belong?
